3. Chair's report
KS read his report on the year's work and other community matters. A copy of the report is appended to these Minutes (App 1). KS commended the work of the late Neillie Stewart for GCC, and expressed the sympathy of the meeting to his family on their loss. The report was adopted. Proposed CD; seconded KB.
4. Treasurer's report
LMacN presented the Accounts. It was noted that they had been circulated late, and that though the figures in it are correct, issue could be taken with the format, the exact details of which, though acceptable by HC in the past, did not follow a template exactly. The assets of GCC are included in the accounts. A major source of income was from Forestry and Land Scotland (FLS) hydro schemes. The future income from them is likely to be variable. A major expenditure was on playground equipment (£8,245). As at the end of March, the closing bank balance was £16,245.17. The Post Office account was also noted. Some typographical errors were noted. The Accounts had been checked by an independent examiner. After discussion, it was decided to hold a Special Meeting at 19.00 on 12th June in order to adopt the report in due form. It was also agreed that the HC template would be used in future. KK said that Mars Projects Ltd had offered to prepare the accounts, and that the offer stands.
